September 19, 2000

Title:	<b>Working Draft of Tables &amp; Character Names for Editorial correction to Khmer for 10646-1:2000</b>
Source:	Unicode
Status:	Working document
Action:	For the consideration of WG2
References:	
Distribution:	ISO/IEC JTC1/SC2/WG2 members

### ***Summary***

The attached tables comprise the results of the action item to apply the glyph corrections to the Khmer script identified during the Beijing as well as to add one further correction.

### ***Table Format***

The table is provided as drop in replacement for the corresponding pages in 10646-1:2000

### ***Corrections applied***

Several Khmer characters have multiple glyph parts. Some of these glyph parts were missing in the published version. The Khmer RIEL sign was shown with an extraneous upright tick below the character. The glyphs for this chart were all correct for the last reviewed pre-production draft of ISO/IEC 10646-1:2000 and are therefore beyond question editorial errors.

The Unicode Consortium has published matching corrections on <http://www.unicode.org/charts>
